C.N.S.O. SHOGUN 36.

DESCRIPTION

The boat underwent a major refit in 2022, with only the cockpit finishing left to complete, whether in teak or another material. See the additional notes for details on the work carried out.

The Shogun 36, built in the 1980s by the CNSO shipyard, is an offshore cruiser with excellent seaworthiness and spacious interior volumes.

Designed by French naval architect Michel Bigouin, the Shogun is a bluewater cruising yacht produced between 1980 and 1984 by the CNSO shipyard. Its hull is made of fiberglass with an inner liner, featuring a wide and deep hull shape with a semi-long keel.

At sea, it is appreciated for its stability and seaworthiness. In light winds, its generous sail area compensates for its relatively high displacement. The deck is designed with wide side decks and all controls led back to the cockpit, which is deep and compact in size.

FUEL AND ENGINES

N. Tanks	1	Tank material	stainless steel
Tanks capacity	180 Lt	Fuel type	diesel
N. Engine	1	Engine Manufacturer	perkins
Engine model	4 108	Engine power	39
Engine hours	2800	Transmission	shaft line

CONSTRUCTION MATERIAL

C.N.S.O. SHOGUN 36.

Hull	fiberglass
Coachroof	fiberglass
Deck	fiberglass

WATER SYSTEM

N. Tanks	3	Tanks capacity	350 Lt
Tanks material		Water pump	yes
Watermaker	no	Water heater	yes

ELECTRICAL SYSTEM

Voltage		Battery charger	yes
N. Battery	3	Battery capacity	300 Ah
Generator	no	Make	
Inverter	no		

INTERIOR DESCRIPTION

The interior layout includes:

Forward cabin

Comfortable saloon with opposing seats (convertible into two berths)

Navigation table

L-shaped galley

Toilet

Spacious aft cabin

ARMAMENTS DESCRIPTION

Full-batten mainsail	Furling jib	Two-burner gas stove + oven (2022)
Refrigerator (2022)	Interior cushions (2022)	Exterior cushions

C.N.S.O. SHOGUN 36.

Sprayhood (2022)	Bimini top (2022)	Lazy bag + lazy jacks (2022)
